Team Captain Guide

The Team Captain Role

Register your team online

- Remember Team Captains must [register](#) online before participants can join your team.
- Once you are registered online, send out your team link to have colleagues, family and friends join your team.

Corporate team captains are encouraged to liaise with senior executives to build management support for the #JDRFWalk

- Engage your senior management to support the Walk by sending an endorsement message to all staff.

Schedule a Kick-off event or alternatively attend the JDRF Kick-off with your team

- Kick-offs are a great way to get your team together and create excitement about the Walk. This is also a great opportunity to create awareness of type 1 diabetes (T1D). Reach out to your local [JDRF office](#) for tools and resources and to confirm the date and time of the JDRF Kick-off in your local area.
- Plan team fundraising ideas. Fundraising as a team can be fun and simple. Refer to tips and ideas in the [Fundraising section](#) of this site to get started. You can also [log into the Walk site](#) and find more helpful tips.

Reach out to local businesses. Corporate teams are also encouraged to reach out to vendors and suppliers

- Reaching out to local businesses, vendors and suppliers is a great way to raise funds within your network. It's also a great way to build on the relationships your team network has.

Keep your team updated

- As a Team Captain, one of your most important roles is to keep your team updated. Keep the lines of communication open throughout the Walk campaign on fundraising progress, upcoming team events and any event details. This will keep your team engaged and excited about the event and participating in the Walk.

Follow this Fundraising Timeline to Stay on Track and Ensure Success:
